ALBERT H. DELLIVENERI,
DANIEL A. MURPHY,
DONALD V. RUSSELL,
Auditors.

RUTLAND TOWN SCHOOL DISTRICT
REPORT OF THE SCHOOL DIRECTORS
AND SUPERINTENDENT

After the schools were closed in June, your Directors and Superintendent inspected all of the buildings to determine the amount of work necessary to bring them into satisfactory condition for the following school year and of course to give consideration to such alterations as would improve the facilities. There follows a report of the work done prior to the opening of the present school year.

Early in the summer, all of our schools were inspected by the State Fire Marshal, and it was his recommendation that we install a proper alarm system for fire detection in all schools. It was necessary to have a special Town Meeting in order to gain approval of proceeding as recommended by the State authorities and the appropriation of sufficient money to cover the expense. The estimated cost amounted to approximately $6,000, and this amount was voted and appropriated by the voters. We are expecting to recover approximately 30% of the above amount from the State.

Center Rutland School

All floors and walls were cleaned and the floors resealed, and some painting was done.

It was necessary to make quite a change in the basement so that an additional freezer could be installed for the storage of food for the hot lunch program, as well as to provide space for storing materials used daily in the maintenance of the building.

Some additional steel chairs were purchased for the assembly room, and part of this expense was provided from the funds allotted to the selectmen. We also purchased a used piano in excellent condition.

Believing that the educational programs offered on television would be helpful to the students, we purchased one set, which has been installed, and the value of having this television set is already apparent.

Cheney Hill School

All floors were cleaned and resealed and necessary repairs and painting done in order to bring the facilities into best possible condition.

Dyer School

All floors were cleaned and resealed, broken glass replaced, walls painted where necessary and roof repaired.

A new television set was purchased and installed in order that the students would be able to take advantage of the educational programs offered on television.

Haiti School

All floors were cleaned and resealed, some painting was done, and some shingles were replaced.

Some changes were made in the furnace room in order to permit better storage space.

Thirty chairs and four folding tables were purchased and are now being used.

Other school activities:

Center Rutland School. Credit should be given to the generous volunteer workers in the P.T.A. for helping to make the school health program so successful. Mrs. Clarence Olson, health chairman, was assisted by Mrs. George Miglis, Mrs. Robert Densmore and Mrs. James Moran. A pre-school clinic was held in April with Dr. Arthur Wolk the attending physician, assisted by Mrs. Veronica Williams, P.H.N. All children have been weighed and measured and have had their eyes and ears tested. A supply of multiple vitamin capsules was ordered for parents requesting them.

Our thanks go to Mrs. William Sharp, school lunch chairman, for all the time and hard work she has put into managing the school lunch program so successfully. We are also appreciative of the financial assistance given to this program by the Center Rutland Athletic Club. During the year, 8909 meals were served to students and 361 meals to adults.

A mobile science lab, which makes any classroom a laboratory, has been purchased, and this will allow students to participate in scientific experiments.

By participating in school activities such as assemblies, student council, monitor system, school lunch program and safety patrol, the students learn self-discipline, leadership, respect for authority and to solve many individual and group problems. Other activities include glee club, annual music festival, Christmas program as well as state forestry essay and soil conservation essay contests.

In the soil conservation essay contest first prize went to Brian Pulling, second prize to Catherine Thomas and third prize to Nancy Snook. In the state forestry essay contest Jeffrey Pulling won second prize in the Rutland-Fair Haven district. Joan Burke was the district first prize winner, and in competition with top winners from 46 supervisory districts, she received second prize.

Cheney Hill School. The activities in which the pupils have participated in addition to the regular school work included a Valentine party where pre-school children expecting to attend Cheney Hill school in September were guests. All pupils participated in the annual musical festival, featuring a musical play. The third grade pupils visited the Rutland Free Library, the Post Office and the Rutland Fire Station. They also visited the Center Rutland School while prospective first grade children visited Cheney Hill School. The annual school picnic was held in June.

On Halloween, a party was held at the school for the pupils.

The school lunch program was started in November, successfully managed by Mrs. George Livak, agent and Mrs. Carlton Champine, who prepares the lunches.

During American Education Week parents were invited to visit the school to observe a demonstration lesson in music taught by Mr. Geno.

The annual Christmas entertainment, in the form of a variety program, was presented by the pupils, and there was also a Christmas party for the children.

During November and December, Miss Marie Goodwin, a senior at Castleton Teachers College, was a student teacher at our school.

Our school has been fortunate to have the use of so many excellent books from the Rutland Free Library, and we are very grateful to Mrs. Douglas, the children's librarian, for her visits to us with the Book Wagon.

The health program is now in progress. The children have had their eyes tested, and a health clinic is scheduled for the near future.

Dyer School. The Parents' Club has sponsored school lunches, parties, dances and the annual school picnic held at Lake Dunmore. The members have also given generously of their time in assisting at health clinics and eye and ear tests. We are also grateful to parents and friends for their time and effort in staging a variety show, "Schoolhouse Shenanigans," on March 9th and 10th at the Mendon Grange Hall. This show was very well received by capacity audiences on both evenings.

Student activities include safety patrol, school newspaper, lunch program, student government and a school monitor system.

The school savings plan, in cooperation with the Marble Savings Bank, still plays an important role. Bi-weekly deposits are made, and the children watch their savings grow with enthusiasm.

In observance of National Book Week, all students visited the Rutland Free Library. Nature study trips were also taken.

The annual music festival in April and the Christmas program in December were enjoyed by capacity audiences.

Haiti School. In the spring, a trip was made to the Hathaway Farm to observe the modern method of making maple syrup.

Our music festival was presented at the Center Rutland School together with the Dyer School pupils, and they also joined us for our picnic at Lake Dunmore. The annual Christmas program was presented by our pupils.

Many parents visited us at school during American Education Week.

During National Book Week, Mrs. Douglas, children's librarian at the Rutland Free Library, visited us and gave a very interesting talk.

We are grateful to Mrs. Paul Fox, agent for our school lunch program, and Mrs. Charles Thompson for preparing and serving the daily lunches we have enjoyed during the winter months. We also appreciate very much the generous help from the Community Club in sponsoring our lunch program, field trips, health clinic and school parties.

In order that your Board may give annual consideration to

the needs of additional class room space, a census is taken of pre-school children throughout the Town. The results of this census make it possible to plan the allocation of children to their particular class rooms in any of the four school buildings. The results of the census taken in 1962 are given below:

	1963	1964	1965	1966	1967
Center Rutland	9	6	5	10	6
Cheney Hill	7	9	5	2	2
Dyer	2	0	2	1	1
Haiti	6	6	4	3	3
Post-Rd.-Mill Village	3	5	8	9	5
	27	26	24	25	17

There were no changes among our teaching staff and custodial personnel for the current school year. The transportation system has remained the same, with two minor changes in the routing of the buses.

We maintain four separate buildings with the following grade assignments: Center Rutland School: four class rooms, grades 1-3, grades 4-5, grades 6-7 and grade 8. Dyer School: two rooms, grades 1-4 and grades 5-7. Haiti and Cheney Hill Schools: each has one room for grades 1-3. All 8th grade pupils from the outside districts are taught at Center Rutland School. The two classrooms for grades 1-3 and 4-5 at Center Rutland School are presently filled to capacity, and none of the other class rooms have much space for additional pupils.

The use of standard tests, the attention to new changes in subject fields, with devices and equipment furnished to augment them, with teachers attending summer sessions, special meetings and workshops; our cooperative attempts to better local progress in education have shown gain.

The continued supply of surplus food from the State has been of extreme value in our school lunch program. The following has been received thus far: frozen meat such as beef, turkey and chicken, butter and cheese, canned goods including cranberries, tomatoes, sweet potatoes, corn, green beans, peanut butter, peas, plums, peaches, cherries, pears and vegetable oil, also dried food such as all-purpose flour, whole wheat flour, corn meal, rice, pea beans, eggs and milk.

The Town of Rutland is at present one of four towns in the

Rutland-Fair Haven Supervisory School District, which also includes Castleton, Fair Haven and Proctor. It is quite likely that by July 1, 1964, the Town of Rutland will be assigned to a new district.

The P.T.A. and other parent groups continue to give of their time and funds for many projects, including the hot lunch program. Due to some of these groups being short of funds to start their programs, your Board has advanced reasonable amounts to those in charge of the programs with the understanding that they would continue to raise money to pay for the cost of the lunches and that at the end of the year any funds not expended would be returned to the Board up to the amount of the funds advanced.

The cost of educating the students in our Town is ever increasing. Comparisons are usually of great interest, and we would mention that the budget for the school year 1951-52 was $51,012.94, and for the school year 1963-64 the budget is estimated at $122,580.00, which is the amount needed to continue the employment of competent teachers, provide necessary transportation, pay tuition for higher education as well as for the maintenance of our buildings, including heat, light and other items. Whereas the budget for the 1963-64 school year is in excess of the 1962-63 budget, your Board is confident that we can maintain the present standards at a lower tax than for the present school year. We therefore request and recommend that a tax of $3.25 be voted.

At the time of writing this report, our State Legislature is in session, and it can be presumed that before it adjourns, a new plan will be developed for giving State Aid to all of the towns and cities, but that should not become effective until 1964. We have therefore included in our budget the same amount of State Aid as we did in 1962. It is well to keep in mind that whereas we receive this financial assistance, in the end it is the tax payers in the cities and towns who actually pay for the cost of education.

We express our appreciation to the P.T.A. associations and parents' groups of the several districts, to the teachers for their generous and efficient services and to all others who in any way have contributed to the successful operations of our schools.

Respectfully submitted,

ALVA T. HOWE,
VERONICA GUIMOND
WILLIAM B. THOMAS, School Directors.
FRANK O. STILES, Superintendent.

VERMONT DEPARTMENT OF SOCIAL WELFARE

MONTPELIER, VERMONT

This twenty-seventh in the series of annual reports submitted to the people of Rutland Town presents tabulations for the calendar year 1962. In the Department of Social Welfare's programs of assistance to the aged, blind and disabled 30% of the costs of hospital and physician services, as well as the excess over $75.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	$357.25
Hospitalization Services	$249.86
Physician Services	$45.90

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to $207.09 and for the latter none for the year just closed.

During April, 1962 there were 16 recipients of Old Age Assistance, no recipients of Aid to the Blind and 1 recipient of Aid to the Permanently and Totally Disabled residing in your community. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and the recently inaugurated Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
Commissioner of Social Welfare.

VERMONT STATE DEPARTMENT OF HEALTH

ANNUAL TOWN REPORT, 1962

The following health services were available from State-Federal tax money and local voluntary contribution to protect the health of the people of Rutland Town, along with the people of the other towns and cities in Vermont. A tabulation of the principal State Health Department services which the residents of your town used last year* follows:

With the aim of keeping children well and helping handicapped children, well-child and school conferences were attended by 163 children. Nutrition and dietary consultations numbered 19. At the request of attending doctors, 2 with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children.

In the effort to control communicable disease 1 person received chest x-rays; 92 children received immunizations, including boosters, against diphtheria, whooping and/or tetanus. Polio immunizations, including boosters, were given 105 children and adults in clinics and conferences. The state laboratory performed tests on 11 water samples, 36 blood specimens and 3 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

There were 28 sanitary inspections or consultations made at the town's food and lodging places and 22 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation.

Individual interviews with the psychiatrist, psychologist or psychiatric social worker were given 2. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available.

The public health nurse served at well-child and school conferences, x-ray and immunization clinics, assisted by local people. She visited homes, doctors, and agencies, making 197 visits on behalf of 61 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M.D., M.P.H.,
Commissioner of Health.

DONALD F. ICKEN, D.V.M.,
Public Health Officer,
Rutland Town

1962 Fire Report

Number of fire permits issued	33
Number of forest fires	15
Acres burned	17
Miles travelled	130
Hours	90
Hours (free help)	24

Law Pertaining to Brush Fires

Fires kindled for the purpose of burning brush or for other lawful purpose shall be kindled only at such times and under such conditions as will enable the parties starting them to keep them entirely under control. Except as provided in this section, a person shall not kindle or authorize another to kindle a fire in the open air for the purpose of burning brush, weeds, grass or rubbish of any kind except where there is snow on the site, without first obtaining permission from the fire warden or deputy warden of the town, or the state forester, or his deputy, stating when and where such fire may be kindled. Whenever such permission is granted, such warden, or state forester or his deputy, within twelve hours, shall issue a written permit for record purposes stating when and where such fire may be kindled. Such permission shall not be required for the kindling of a fire in a location which is two hundred feet or more from any woodland, timberland or field containing dry grass or other inflammable plant material contiguous to woodland.

Respectfully submitted,

GEORGE LIVAK,

Dump Hours for Use of Town Residents at Rutland City Dump

7:30 A.M. to 5:30 P.M. Except Sundays
Closed Christmas, New Year's and Thanksgiving.
Other Holidays Open 7:30 A.M. to 12 Noon

WARNING

The legal voters of the Town of Rutland and the Town of Rutland School District are hereby warned to meet at the Town Hall in Center Rutland, on Tuesday, March 5, 1963 at ten o'clock A.M. to act on the following matters, namely:

1. Choose all necessary officers required by law.

2. Shall the Town vote to raise money by tax or otherwise to pay current expenses of the Town, Overseer of the Poor, Highway, and County? If by tax, how much?

3. When and to whom shall the taxes be due and payable?

4. Shall licenses for the sale of Malt and Vinous Beverages be granted in this Town?

5. Shall spirituous liquors be sold in this Town?

6. Shall the voters authorize the Selectmen to borrow money in anticipation of taxes?

7. Shall the Town vote to take advantage of the Town Highway appropriation granted to the towns by the State, Provided the Town spends not less than ($50.00) Fifty Dollars per mile of their own money on Town roads outside of Winter Maintenance as provided by Sec. 19 of No. 250 Public Acts of 1957, as amended?

8. Shall the town vote its officers salaries? If so, how much?

9. Shall the Selectmen be authorized to enter into an agreement with the City of Rutland, for the use of the City Dump, based on population, at the rate of 40¢ per person with the minimum of not less than ($500.00) Five Hundred Dollars annually, subject to the rules and regulations governing the Rutland City Dump?

10. Shall the Town authorize the Selectmen to contribute the sum of $100.00 for the purpose of participating in the defense of the suit challenging the right of each Town to elect one Representative to the House of Representatives, instituted in the United States District Court for the District of Vermont, such fund to be administered by the Committee to Defend the Vermont Constitution?

11. Shall the Town School District vote to raise money by tax or otherwise to pay current expenses of the School District? If so, how much?

12. Shall the School Board be authorized to borrow money in anticipation of taxes?

13. Shall the Town School District pay tuition for the higher education of the scholars of said District? If so, how much?

14. Shall the Town School District vote a sum of money not to exceed ($80.00) Eighty Dollars for a scholarship to be awarded a worthy high school graduate of Rutland Town, who wishes to enter an institution of higher learning, particularly a Teacher's Training College?

15. Shall the voters of Rutland Town School District authorize the Rutland Town School Board to secure options to purchase on one or more properties consisting of not less than (10) ten acres and which meet the requirements of the State Board of Education, if used for school purposes and place the question of purchasing before the voters of Rutland Town at either a Special or Regular town meeting?

16. Shall the Town vote to approve an appropriation of One Thousand Dollars ($1,000.00) to secure the use of Rutland Free Library to the inhabitants of the Town?

17. To transact any other necessary, legal and proper business which may come before said meeting.

Articles No. 2, 3, 8, 11, and 13 will not appear on the Australian Ballot and will be taken up at 1:30 P.M. The Polls will close at 3:00 P.M.

Rutland, Vermont, February 23, 1963
Grand List $27,245.48.

WALTER J. PATCH,
WILLIAM N. SHARP,
BYRON J. HATHAWAY,
Selectmen.
